

VTC: 123

A Webinar Series on Understanding, Using and Maximizing Video Teleconferencing in the Classroom

WHAT:

ENA and PCS are hosting a new three-part webinar series during April and May that will provide an overview of using video teleconferencing (VTC) in your classrooms. Presenters will include: Dr. Lance Ford, a distance learning specialist and nationally recognized technology integrator; Mike Lay, an education consultant with PCS and former technology coordinator of Scott County Public Schools, TN, a national award-winning distance learning program; experts from CILC (Center for Interactive Learning and Collaboration); and your peers from Tennessee, Indiana, Idaho and Florida that are using VTC with great success in their own districts.

Hopefully, with the help of this exciting new webinar series, you'll find yourself much closer to harnessing this dynamic, budget-stretching technology to connect, explore and succeed like never before! Please join us!
